

The K-Love station in Troy/Dayton (96.9) is a valuable part of my daily radio listening. It serves as a daily inspiration to my faith in God and Jesus Christ. This station has a positive impact on all who listen to it in the greater Dayton area. If this station is displaced by an LPFM station, we will lose a family friendly station that has a positive and encouraging impact on those who listen in the Dayton area as well as across the entire US. This station is in the public interest because it provides good, wholesome, musical programming that needs to be heard by me and others who listen on a daily basis. Do not allow the LPFM station to have priority over K-Love. Thanks.
